## SUMMARY

A web developer and musician that appreciates simple, beautiful websites. My experience producing music developed my passion for creating meaningful projects and solving complex problems efficiently. I love learning new technologies, designing excellent user experiences, and discovering new music.

## EXPERIENCE

### **Dev Bootcamp, Graduate, Chicago**

Apr 2016 - Aug 2016

Completed an intensive course comprising 1000+ hours learning Ruby, Rails, HTML5/CSS3, TDD, Javascript(JQuery,AJAX), Git, Heroku and Agile Development.

Co-created Repose, a mobile iOS app that helps users cope with and manage panic attacks. Languages and technologies used include Ruby on Rails, Xcode, Swift, Alamofire and Bootstrap.

### **PSAV, Technician, Chicago**

Apr 2014 - Mar 2016

Audio setup, troubleshooting and operation with advanced knowledge of audio signal flow.  
IT support including networking and DHCP.

### **Music Producer, Audio Engineer and Producer, Chicago**

Jan 1990 - Current

Recorded, mixed and mastered hundreds of recording sessions for clients including: Iron and Wine, Sufjan Stevens and Chamber Strings.

Created schedules and reviewed work for 8 person production teams.

Expert level experience with digital audio workstations .

### **PRF Graphics, Office Manager, Glenview, IL**

Jun 1988 - Mar 2014

Worked in accounts payable/accounts receivable providing customer service.

Administration of the computer network including network administration, desktop support and daily tape backup.

## SKILLS

**SKILLS:** Ruby, Javascript(AJAX, JQuery), Ruby on Rails, Sinatra, HTML5/CSS3, Git, Heroku, ActiveRecord, Object Oriented Design, SQLite, Agile Development, TDD(RSpec,Jasmine,Capybara), Pro Tools

## PROJECTS

### **Repose**

A mobile application to help people cope with and manage their panic attacks and acute anxiety. It was created in one week as final project at Dev Bootcamp.

Contributions: Splash page, Functionality, Front End.

Technologies: Ruby on Rails, Xcode, Swift, Alamofire, Bootstrap.
